Go with your Flow *Creating your ideal life using your Intuition*

I was walking along Copacabana beach with a friend and I said: 'Wouldn't it be cool if we had a flat here for the next two weeks. What a coincidence, I was just thinking the same thing,' he said. 'Then so be it,' I said. After we had walked another hundred metres a Brazilian man spoke to us: 'Would you like to rent a flat here?' Less than thirty minutes later we were in our own flat. Coincidence?

When you are in the flow, life runs effortlessly. It is the feeling that everything is alright in the here and now, where coincidences present themselves as if they are meant to. Everything seems to come easily, exactly as you want it to. What these manifestation moments have in common is that solutions and answers always come from unexpected

quarters, effortlessly and quickly.

The author will share many of his personal and often magical moments of creation with you in this book. And you can have these moments, too! He will explain how your thinking prevents you from getting into the flow and how you can transform these obstacles so that you too can manifest what you really desire from life.

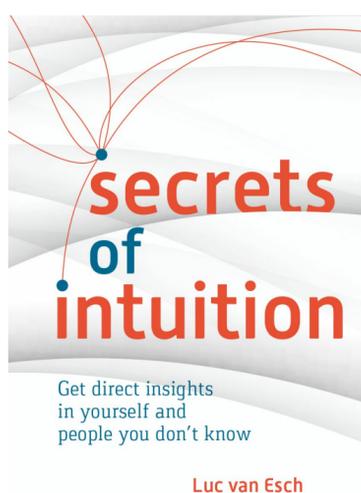

- How do I create a flow?
- Why does it sometimes work and sometimes not?
- How do I get into the flow? And why do I fall out of it?
- How do I create what is right for me?
